

LOCAL NY PARTNER

Coffee Mania Cortland, NY

Doing business with ASC
since 2007.

Coffee Mania began in 1999 with Craig and Michelle Brooks renovating an old Hess station at 160 Port Watson St. into Cortland's first drive-through coffee shop. Nobody was sure Cortland was ready for that, but the shop was a hit.

The Brooks family expanded Coffee Mania into a second location in the Groton Avenue Plaza in 2003, and opened Origins Cafe in Homer to offer even more coffee choices, along with food and a sit-down experience.

The family established the Coffee Mania Roasting Facility in an old railroad freight terminal on South Avenue in Cortland.

"Here's a secret," reads their website. "The best way to ensure coffee tastes great is freshness. The whole reason we started roasting our own coffee here in Cortland is to ensure that we offer the most stunningly amazing product we can, and daily small batch roasting is a big part of that."
